

PRIVACY POLICY

Effective: 01/05/2025

1. Introduction

AURA S.R.L., Company reg. No. 3-102-941727 with a registered seat at San José, Escazú, Centro Comercial La Paco, 10 Plaza Florencia, Costa Rica, as the technology service provider of the AuraDEX platform (referred to as “AuraDEX”), values your privacy and is committed to protecting your data. As a decentralised and non-custodial platform, AuraDEX minimises data collection and storage to respect user anonymity and privacy. This Privacy Policy outlines how we handle data and privacy-related matters.

2. Data Collection

2.1 Minimal Data Collection: AuraDEX does not collect personally identifiable information (PII) from users. All transactions occur on the Solana blockchain; no user data is stored on AuraDEX servers.

2.2 Blockchain Transactions: All transactions conducted on AuraDEX are recorded publicly on the blockchain, which means they are inherently transparent and cannot be erased or altered.

2.3 Third-Party Integrations: AuraDEX may integrate with third-party wallet providers and analytics tools, which may collect data independently. Users should review the privacy policies of these third parties before use.

3. Security Measures

3.1 Encryption: Communications between users and the AuraDEX platform are encrypted to ensure data security.

3.2 Non-Custodial Design: Users maintain full custody of their private keys, which are never shared with or stored by AuraDEX.

3.3 User Responsibility: Users are solely responsible for safeguarding their private keys and wallet credentials. AuraDEX cannot recover lost keys or funds.

4. Cookies and Analytics

4.1 Cookies: AuraDEX may use minimal cookies or analytics tools to enhance user experience and optimise platform performance. These cookies do not collect personal data but may track anonymous usage statistics.

4.2 Third-Party Tools: Any analytics tools used are designed to operate anonymously, but users are encouraged to review the privacy terms of third-party services integrated with AuraDEX.

5. Regulatory Compliance

5.1 MiCA and Travel Rule Considerations: While AuraDEX operates as a decentralised platform, users should be aware that certain jurisdictions, including the EU, may enforce regulations such as MiCA and the FATF Travel Rule. These may require compliance with Know Your Customer (KYC) and Anti-Money Laundering (AML) standards.

5.2 User Obligations: AuraDEX disclaims any liability for non-compliance with these regulations. Users are responsible for ensuring their activities comply with applicable legal frameworks.

6. Data Retention

6.1 No Data Storage: AuraDEX does not store user data. All interactions are executed directly on the blockchain and remain publicly accessible.

6.2 Third-Party Retention: Users should check third-party wallet and analytics provider policies regarding data storage and retention.

7. Third-Party Services

AuraDEX integrates with external wallets and tools for convenience. We are not responsible for how these third parties collect, process, or secure data. Users are encouraged to read the terms and privacy policies of these services before use.

8. Children's Privacy

AuraDEX does not knowingly collect information from individuals under the age of 18. Users must be of legal age to access the platform.

9. Policy Updates

AuraDEX reserves the right to update this Privacy Policy to reflect changes in regulation or platform features. Updates will be communicated through the platform. Continued use of AuraDEX after changes implies acceptance of the updated terms.

10. Contact Information

Users can contact AuraDEX with any questions regarding this Privacy Policy through official communication channels provided on the platform.
